**Pepper Sweet Italian**

Sweet Italian type variety. Straight plant and open structure which increases the fruit quality. The fruits are light green color and have medium thickness walls which give a high weight and therefore a great production. The skin is smooth almost without constrictions which increases its domestic use.

(*) These data were obtained from numerous trials in different areas. They must not be taken as an accurate guide of product performance in orther particular conditions because results could vary according to the weather, growing conditions and disease pressure conditions and disease pressure.
