

## TF-10196

INDETERMINATE tomato of elongated oval type and small-medium size with good formation of CLUSTERS. It stands out for vigor of plant in the winter period that favors a large set of fruits giving a very high production. Fruit very hard and of very good color with no teats in winter setting and no fiber on walls. It incorporates double resistance to TYLCV and ToBRFV.

(\*) These data were obtained from numerous trials in different areas. They must not be taken as an accurate guide of product performance in other particular conditions because results could vary according to the weather, growing conditions and disease pressure conditions and disease pressure.
