

W-5800

MICROSEED variety of striped rind. The fruit is round, very small which does not exceeds 1.5 kg. It is noted for its size, production, ability for transport and extraordinary earliness in the development of sugar, making it a great candidate for export market.

(*) These data were obtained from numerous trials in different areas. They must not be taken as an accurate guide of product performance in orther particular conditions because results could vary according to the weather, growing conditions and disease pressure conditions and disease pressure.
